Mestic Magnis cool box series

The MCCM cool boxes deliver reliable, efficient cooling in a compact design, keeping food and drinks perfectly chilled on the move. For ultimate flexibility, the series can be paired with the Mestic external Power Pack for cordless operation, or the Mestic Transport Pack for enhanced carrying comfort.

Features

- **Available in multiple capacities:** Suitable for day trips, weekends away and extended travel.
- **Cooling and freezing function:** Set flexible temperature settings for different types of food and drinks.
- **Reversible and fully removable lid:** The lid opens from both sides for maximum convenience, allowing easy loading, unloading, and cleaning.
- **Removable storage baskets:** Simplify loading and unloading while improving air circulation to help reduce condensation.
- **Robust and portable design:** Built for outdoor and travel conditions with practical carrying handles.
- **12V, 24V and 230V compatibility:** Easy connection in cars, campers, caravans and boats.

Control & connectivity

- **Integrated LED display:** Clear and intuitive control of temperature and cooling settings directly on the cooler.
- **Max & ECO cooling modes:** Choose between maximum cooling performance or energy-efficient operation.
- **Battery protection system:** Protects the vehicle battery with adjustable low-voltage protection levels.
- **Mestic smart app for instant insight and control:** Adjust fridge and freezing temperatures, switch on/off, select Max mode, manage battery protection, and control compartments individually (only 55L).
